Classic Cars Keep Friends Close Together

By Katy Fitzpatrick

Photos on page 68

Driving through the center of Rochester on an early summer Monday evening, you might think you took a wrong turn and ended up somewhere back in the 1950's. As you near the Plumb Corner Mall, you see dozens of vintage cars and hear classic rock tunes blaring through the speakers. Don't worry, you're not crazy, nor did your car learn how to travel back in time. The gathering is a weekly ritual for the Downshifters' Car Club of New England.

"It's a car club for friends and it's a get together," said Downshifters' President John Remedis, who is also known as Johnny Angel to his friends in the club. "This has been going on for a long time."

The weekly gatherings are called Cruise Nights, and they began back in 1959 in Brooklyn, NY when Remedis established the club. A couple of decades later, the club relocated to Florida when Remedis retired from a career in law enforcement in 1989. In 1981, the club made its way to New England where it has been ever since. Remedis currently resides in Freetown.

The cruises are held in the summertime and begin in May. They are held in a variety of towns including Westport, New Bedford, Assonet, Middleboro, Acushnet, Fairhaven, Mattapoisett and Somerset. Each week, nearly 50 cars gather, pop their hoods and show their stuff to club members and curious folk passing by. While the number of cars has slightly decreased over the years according to Remedis, the cruises are still quite popular.

There are cars from every decade dating back as far as the 1920's. Remedis said some of the cars are in their original form while others have been transformed into hot rods.

"It's nice to see the cars restored so you can keep them forever and pass them along to your kids and grandkids," he said.

No matter the model, year or color of the car, Remedis said there is one common theme that brings the cars back week after week.

"It's all about friendship," he said. "It brings us back to the 50's. Those were the good years. We grew up with these cars."

Mosquito Safety Awareness

Rochester Council On Aging

By Eric Tripoli

Summer in the Tri-Town means a lot of things: games of Frisbee, hours spent gardening, hammocks, cookouts, and countless other outdoor activities. While fun may be the first thing that comes to your mind as the common bond among all of these pastimes, it must not forgotten that mosquitoes are guaranteed to be joining us wherever we go, whatever we do.

On Thursday, June 28, Daniel Daly, community liaison of the Plymouth County Mosquito Control Project held an information session at the Rochester Senior Center, and spoke about the work he does and how people can protect themselves from potentially deadly diseases.

There are around 50 different species of

mosquitoes in Plymouth County. "But most aren't interested in biting mammals," Daly said. He and his colleagues, among many things, work to identify mosquito breeding grounds, educate the public on safety precautions, and attempt to eliminate mosquito-based threats in the communities of Plymouth County.

"Everything we do revolves around the life cycle of mosquitoes. If we have rain, we know we have five to seven days to react," said Daly.

While bug zappers and swatters have their places on our decks and in our kitchens, the best preventative measures can be taken before young mosquitoes take flight.

"The ideal time is while they are in larval stage

These days, there are two diseases that scientists are most concerned with: West Nile Virus and Eastern Equine Encephalitis (EEE or Triple E). The latter was first identified in 1938 in Massachusetts and over 60% of the fewer than 100 or so reported cases in that time have been in Plymouth and Norfolk counties. There is no treatment for either ailment, with young children and older adults being among the highest risk demographics.

Daly recommends people follow the Three D's of mosquito prevention.

•**Drain**. Mosquito larva develops in pools of stagnant water in about a week. By removing anything capable of collecting excess water from around your home, you help mitigate the number of mosquitoes in your neighborhood. This includes open trash barrels, loose tarps, and tires.

•**Dress**. When possible, dress in long sleeves, pants, and hats to reduce the amount of exposed skin available to mosquitoes. The bloodsuckers are attracted to darker colors and human body odor, so make sure you and your clothes are clean.

•**Defend**. Using bug repellant is an excellent way to keep mosquitoes off. Daly recommends DEET, but if you prefer more natural solutions, try oil of lemon eucalyptus.

the white man," said Historical Society president Seth Mendell.

From there, the display features objects from the town's ship building days, including a miniature model of a seaweed fort, which were constructed as hidden protection against enemies who may be approaching from the ocean.

"For a long time, the British navy was trying to destroy the shipyards of Mattapoisett," Mendell said.

There are several antique tools and model ships on display in the museum, including a replica of the final whaling ship constructed in Mattapoisett, The Wanderer.

Part of the exhibit is dedicated to the beach communities that helped build Mattapoisett's reputation as a vacation spot. Old photographs and period bathing suits constitute part of the display, as well as histories on local hangouts like Pico Beach and Grand Beach. Other artifacts include old furniture and beach accessories, like ladies' fans.

The final part of the display commemorates modern-day Mattapoisett by highlighting some of the trendy activities of today's outdoor enthusiasts.

"Of course, we wind surf today, so we have a board here. And the harbor is always full of sailing cruisers when it's nice out," Mendell said.

The exhibit at the Mattapoisett Historical Museum on Church Street runs until August 30, 2012. The museum is open from Wednesday to Saturday, 1:00

Swimmers Suit up to Save Buzzards Bay

By Katy Fitzpatrick

Temperatures so far this summer have had swimmers flocking to the nearest body of water to keep cool. On Saturday, July 7, nearly 300 swimmers will plunge into Buzzards Bay in order to raise money to help preserve the Buzzards Bay Watershed by participating in the 19th Annual Buzzards Bay Swim.

"I think the planning has gone very well this year," said the Buzzards Bay Coalition's Vice President of Operations Maureen Coleman. "I think we are very lucky. The swimmers have really risen to the challenge this year."

The racecourse spans 1.2 miles, kicking off at Davy's Locker in New Bedford and finishing at Fort Phoenix in Fairhaven. A party and awards ceremony will be held upon completing of the race. Live bands and Fun 107.1 will be on site to provide entertainment.

Registration for the race closed earlier this week. 294 swimmers is the official count for 2012, which is approximately 80 more than 2011's 216 participants. The majority of the racers come from the Tri-Town and Southeastern Massachusetts even though the event is open to swimmers across the state.

"We've seen incredible growth. It's very exciting," said Coleman.

So far, the racers have raised $56,000, but they can

also raise money through sponsors. If the racers generate $100,000, longtime swimmer Larry Fish will donate an additional $25,000 to the Coalition.

"All of the money raised supports all of our work," said Coleman. "We are dedicated to the restoration, protection and sustainable use and enjoyment of the watershed."

Coleman said that while the Coalition focuses on a variety of different aspects in preserving the Buzzards Bay Watershed one of the key areas of concern today is the nitrogen pollution.

"It is literally choking the life out of our coves and harbors," she said. "Luckily we have a strong advocacy program to protect that town by town."

Strike Up The Band!

By Eric Tripoli

On Monday, July 2, the Marion Concert Band held its first show of the 2012 summer season. The band, which is in its 134th year, will have eight more concerts this summer.

Tobias Monte, the ensemble's conductor and musical director has quite a storied history with the group, himself. He played trumpet in the band when he was in high school in 1974. By 1985, he was leading the band and has been at the helm ever since.

"I've known most of the people in the group for years and years. They all come from far and wide to play here because it's a good group. It's fun and relaxing," Monte said.

The concert band is made up of about 40 musicians from students and teachers, amateurs and professionals. While most are from the greater New Bedford area, some come from as far away as Brockton, Seekonk, and Somerset. The summer concert series is a long-standing tradition in Marion.

Each week will feature a different theme. The lead off concert was comprised of all patriotic music, to commemorate Independence Day on Wednesday, July 4.

"We do a classic band-style concerts similar to what John Philip Sousa would have done," said Monte.

The programs will consist of about 12 pieces each, so this season they will have learned over 100 pieces of music. Not bad, considering they only rehearse about four times each season. "We have some very talented musicians who play with us," Monte said.

He likes to shine the spotlight on many of musicians in the process, showcasing the different sounds and talents of his musicians.

"This summer we will be featuring a recent high school grad playing solo bassoon for a Mozart concerto. We will also have a flute trio featured sometime during the season," said Monte.

Some other themes Monte has chosen for the season include film and TV music, Broadway hits, children's music, Latin music and American pop. Under Monte's direction, they have tackled music by Wagner, Shostakovich, and Percy Grainger. This year, the band is taking on a medley from "West Side Story" by Leonard Bernstein.

The free summer shows by the Marion Concert will be held every Monday evening during the summer from 7:30 pm to 9:00 pm. The next concert will be held on Monday, July 9 at the Robert Broomhead Bandstand, Island Wharf off Front Street in Marion and includes highlights from some of Broadway's most memorable shows including:

- National Anthem
- Thundercrest March - E. Osterling
- Elsa's Procession to the Cathedral - R. Wagner
- Lohengrin (Introduction to Act III) - R. Wagner
- Concertino for Clarinet - C. M. von Weber
- Daniel Moniz, clarinet
- Broadway Show-Stoppers Overture - arr. W. Barker

Homecoming in Fairhaven

Mattapoisett's sister town celebrates 200 years

SIGNS OF AGINGS

My 14 year old Jack Russell terrier doesn't sleep well anymore but wanders around the house all night. Yesterday I found him stuck between the bed and wall. Does he have a brain tumor?

It is possible that your dog has a tumor, but it is more likely that he is simply becoming senile. The brain may degenerate before the rest of the body in a dog just as in a person. Signs of senility in dogs are associated with changes in normal behavior patterns. Wandering at night, inappropriate barking, accidents in the house, staring into space and getting lost all can be signs of degeneration of the brain.

There are some new treatments available for senility in dogs. One is a new prescription diet from Hills that is loaded with antioxidants and things like glucosamine. Surprisingly, we have had some really good results where dogs become more playful, alert and more like their old selves after a few weeks on this new food.

enjoyed the annual Homecoming Fair, held in the streets around the Unitarian Memorial Church. Local businesses, civic groups, and public services lined up and down the road to meet with the public and celebrate the return of friends, family, and classmates.

Mattapoisett and Fairhaven share many historical bonds. Students from both towns attended Fairhaven High School together until Old Rochester Regional High School was built in 1961.

"I come every year. It's a wonderful craft show. You see people you haven't seen in a while," said Fairhaven resident Denise Hunt. She was joined by Lynn Novinger, who had never attended the fair before.

"I like being out, listening to the music, watching the people. I really like the woodworking displays," he said.

Crafts and woodworking were only the beginning. Over 160 vendors signed up to participate this year, offering all sorts of goods from jewelry, baby clothes, ceramics, body products, and wine chimes, which are exactly what you are imagining them to be.

The Homecoming Fair is a long-standing tradition for the town, dating back about 140 years. The Fairhaven Improvement Association has organized it since the 1960s.

"It's a weekend for everyone to come home," said Angela Dawicki, co-organizer of the fair. "It's a great family atmosphere, it's very safe, very clean. And this part of town is so Norman Rockwellish."

The fair is so extensive, that the 30-member FIA has enlisted the help of local students, who volunteer to help venders unload their vehicles, set up their booths, and direct parking. "This year, we have almost two dozen volunteers. We've run the program for three years and they make things so much quicker and easier," said Dawicki.

Fairhaven continues its bicentennial celebration on Sunday, July 1, with a firemen's parade followed by a muster at Livesey Park. The party continues over the course of the next few weeks. Here's a look at all the events:

Bay Watch 40B Gets the Green Light

Marion Zoning Board of Appeals

By Laura Fedak Pedulli

It took 11 years for Bay Watch Realty to snag the approval needed to pursue its long-contentious 40B affordable housing project off Route 105. However, the Marion Zoning Board of Appeals' final decision at its Thursday, June 28 meeting clocked under five minutes – an anticlimactic ending to a long journey.

"It was really in 25 words or less that we solved

the final issues," Marion ZBA Chairman Robert Wedge said that night.

The final matter that needed attention was easement language to allow emergency access way to the proposed site through abutter Sherman Briggs' property. After some delay, Briggs signed off on the language, allowing the project to proceed.

The Briggs property, and the entryway situated behind The Wave Restaurant, will be the two access points to the 40B, Wedge said. The issue of ingress/egress on the proposed bike path "is still up in the air," he added.

But these final issues were just a small part of Bay Watch's decade-long effort to build an affordable housing

project in Marion.

When its quest to construct 40B housing complex began, the developer proposed a 192-unit 40B project, and received an approval conditioned that it did not exceed 96 units. Bay Watch appealed that decision, and since then many court battles have occurred between the town and developer over various manifestations of the project – with the courts favoring Bay Watch Realty.

However, Bay Watch Realty's proposal last fall to scale the project down to 96 units and its willingness to set aside 12 acres for conservation – purchased by the Sippican Lands Trust thanks to $300,000 in Community Preservation Funds– helped create a mood of cooperation that sealed the deal. The project includes 96 units: 60 rentals in two large apartment buildings and 36 single family homes.

It took six months for the Marion ZBA to OK the revised project – as issues regarding emergency access, the safety of the 75-foot proposed wooden bridge that traverses wetlands to the project, and general engineering questions all came up.

Most importantly, how Bay Watch wanted to break up affordable and market rate units raised issues. Bay Watch originally asked to put 100 percent of the 60 rentals as affordable, with the developer to sell 36 residences at market rate. In general affordable housing projects allocate 25 percent of units as affordable across the board, thus both Marion Selectmen and the board

were reluctant to agree to such a scenario.

In the end, an agreement was reached to designate 100 percent of the 60 rentals as affordable – with all but six of the single-family homes to be sold at market value. Two of the six homes will be affordable, two will be sold at 120 percent of the town's median income, and two of the lots would be available for purchase by the town for $125,000 apiece.

Wedge expressed some relief that the long case has finally drawn to a close.

"I've been involved all 11 years, so I'm glad it's done," he said.

In another matter that night, the ZBA approved applicant Frederic Rosiak's request to replace the front

porch and carport on his property at 294 Front St.

Rosiak originally presented his application to the board on May 17, and again on June 14, but they needed plans from a certified engineer to proceed.

The final decision allowed the porch, but only if it follows the existing line of the house. The plans before the board that night had some points of encroachment not presented before.

At a previous hearing, Wedge said Police Chief Lincoln Miller requested the removal of a tree on the property due to visibility concerns – with Rosiak strongly objecting and offering to prune it. In the final decision, the board agreed to preserve the tree if he cuts it back two feet from its current growth and maintains it that way.

Selectmen Approve Grant Application

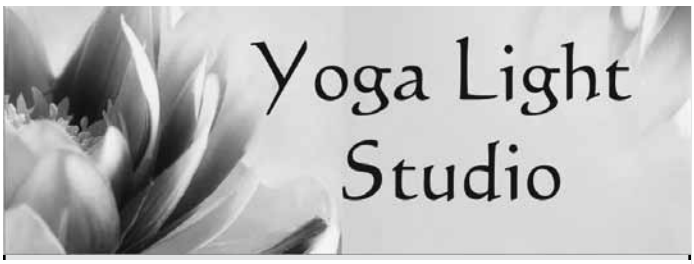

Rochester Board of Selectmen

By Katy Fitzpatrick

The Rochester Board of Selectmen gave the green light for Town Administrator Richard LaCamera to sign the application for a grant for the Park Commission. The permission was granted at the Board's regular meeting on Monday, July 2 in Rochester Town Hall.

Conservation Agent Laurell Farinon requested LaCamera's signature in a memo sent to Town Hall on July 2. The state grant is called Parkland Acquisition and Renovations for Communities Program (PARC) state grant and would be used for improvements to the Dexter Lane Recreational Facility. The Selectmen did not disclose the amount of the grant.

The Selectmen agreed to give permission to LaCamera as long as the grant is used to update existing fields. However, they are concerned that the Conservation Commission is looking to add new fields to the Dexter Lane facility and they worry that there is not enough

Washburn Park Road Getting A Makeover

Marion Conservation Commission

By Eric Tripoli

The Marion Conservation Commission met on Wednesday night, June 27. The Commission voted to approve an Request of Determination of Applicability to improve a dirt roadway at Washburn Park Road by adding a layer of road scrapings.

"Washburn Park is one of those little gems in town and we really want to take care of it," said Jonathan Dickerson of the Marion Recreation Department, which applied for the RDA.

Next, the Commission heard from Bob Rogers of Tibbetts Engineering, regarding an RDA to construct some additions to the property on 90 Moorings Road.

"Within the garden property on an existing foundation, they'd like to put a shed. And over by the guest house they would like a small, paved basketball court," Rogers said.

The court would be far smaller than a regulation court, with the furthest distance from the basket equivalent to that of a three-point line. The Commission voted in favor of the RDA, with the condition that the shed be anchored because it lies in a velocity zone.

The Commission also heard from Alan Harris, on behalf of the Sippican Land Trust, regarding an RDA to maintain the stonewall, remove knotweed, and plant native species on Front Street at Holmes Brook. The plan is to remove the majority of the plants with a weed whacker and then dig out the root systems of the invasive species.

"I can tell you from experience it's not going to be easy to get those roots out," warned Norman Hills, the

Commission's Clerk.

The wall maintenance would be minimal, as it was redone only a few years ago. "But sometimes stones fall off and need to be replaced," said Harris. They voted to approve the RDA.

Sundance Trails To Build New Residence

Mattapoisett Planning Board

By Eric Tripoli

The Mattapoisett Planning Board met on Monday night and had only one public hearing on the agenda. The Board heard from Rick Charon, on behalf of Sundance Trails, LLC, which would like to construct a new residence on property at 158 North Street, to house the full-time director of the horse stables.

"The owners had intended to build a guest house, " Charon explained.

But the Mattapoisett Zoning Board of Appeals decided that the residence did not meet the standard provisions for a guesthouse, as the stable director would live in the dwelling year-round. They were allowed by the ZBA to withdraw their original application without prejudice.

The Planning Board voted to accept the plans as presented.

The next meeting of the Mattapoisett Planning Board will be on Monday, July 16, 2012, at 7:00 pm in Mattapoisett Town Hall.

ORRHS Adding Coed Swimming

The Old Rochester Regional School Committee has conditionally approved Co-ed Swimming as a varsity sport offering of the athletic department beginning in the winter season of the 2012-2013 school year. This occurred on **Wednesday, June 13**. This provides an exciting new athletic opportunity for our student body.

The approval of swimming as a varsity sport was made consistent with the existing ORR school district policy for new sports. Total funding for this sport must come from sources external to the school district's budget for the first two years. Future years have the district assuming gradual financial responsibility for the sport, if the school's finances are sufficient to assume it. The conditional approval requires supporters of this new sport offering to secure the necessary external funding for the first season, and deliver it to the district, prior to October 1, 2012.

What better way to start off the summer than with a new pair of sunglasses?

Did you know...

Ultraviolet rays from the sun can damage your eyes by contributing to cataracts, macular degeneration and growths on the eye, including cancer. Sunglasses, with built in UV protection, will protect your eyes from these harmful UV rays. In addition to UV protection, Pearle Vision offers other lens options that help improve your vision when you are in the sun.

Polarized Lenses

Polarized lenses reduce glare from horizontal surfaces such as the water and the road. Polarized lenses contain a special filter that blocks this type of intense reflected light.

Crizal SunShield

This new option for sunwear reduces reflections from the back surface of a lens which provides better UV protection and safer, more crisp vision.

The Mattapoisett Housing Authority Tenant's Association will host a "Meet and Greet" on **Monday, July 9** in the Mattapoisett Housing Authority's community room from 1:00 to 3:00 pm.

"This will be an opportunity for all tenants to socialize and learn more about the Association and their rights," said Roberta Tripp, president of the MHATA. "The Association is looking to improve safety and the quality of life for all residents at the MHA while ensuring that management applies rules and regulations as to use of the premises fairly to all tenants."

To improve safety, Fire Chief Andrew Murray will discuss fire safety and security on **Wednesday, July 11** at 2:00 pm in the community room.

"We've had a lot of new tenants move into the MHA," said Tripp. "We could all use a refresher on protecting ourselves and our neighbors."

Men Who Cook Summer Sizzler

The Women's Center (TWC) is hosting its 2nd Annual Men Who Cook Summer Sizzler on **Sunday, July 15** from 6:00 to 8:00 pm to kick off Harbor Days Festival Week. This event features local chefs from throughout the South Coast area. All proceeds benefit programs and services at The Women's Center.

Last year's event was an outstanding success with over 200 people attending. TWC is hoping to build on the success of the first year and raise critical funds for local domestic violence, rape crisis and child trauma services. There will be more chefs, more raffles and a smorgasbord of fine cuisine and South Coast favorites.

Just a sampling of chefs returning from last year are Chef Colby Rottler, owner of Commanding Cuisine Catering, local Chef Ken Dawicki and Men Who Cook veterans Chef Joe Perrone with his three sons, Chef John Larsen from Acushnet and Chef Joseph Cordeiro from Dartmouth. Business donations are key to creating a successful event. Russell Morin's Fine Catering is donating use of equipment to make cooking and serving more efficient. New Bedford businesses Oceans Fleet Seafood have generously donated 30 lbs of scallops again this year and White's Apartments donated another 10 lbs. Clube Madeirense of New Bedford, a longtime supporter of Men Who Cook and The Women's Center, is providing all the paper goods for the event. A host of other businesses from throughout the South Coast are donating raffle prizes.

For tickets or more information, call Rebecca McCullough at 508-996-3343, Ext. 25 or visit www.thewomenscentersc.com. Tickets may be purchased online or by phone with a credit card to be reserved at the door. Tickets will be sold at the door but space is limited to 250, so buy your tickets early.

The Show opens on **Friday, July 27** with performances on **Saturday, July 28**, **Thursday, August 2**, Friday, **August 3** and **Saturday, August 4**. All shows are at 7:30 pm.

With book and lyrics by Joe DiPietro and music by Jimmy Roberts this revue style musical is a satirical serenade to the dating world. The chancel window, installed in 1969, depicts St. Philip, a fisherman and carpenter by trade, with his fishing basket and carpenter's tools. Around him are shown three fish native to Buzzards Bay: a scup, a striped bass and a bluefish. Notice also the catboat, compass rose, Seal of the Church, Great Seal of the Town of Mattapoisett and the whale -- a reminder of Mattapoisett's early connection with the whaling industry.

July, this year at the Mattapoisett Free Public Library, 7 Barstow Street. Many of you have supported our monthly sales throughout the year, and some of you have been saving your best volumes for us, so now is the time to bring them in. Donations of good-quality books, games, puzzles, CDs and DVDs can be brought to the library during business hours or to Shepley Financial Services on Route 6, Mattapoisett. Remember, too, that the "donate books" boxes around town are not associated with the Friends or with the library.

It's easy to join the Friends, a non-profit, 501(c)3 corporation that serves the library's needs. Membership forms can be found at the library, or through the library's website at MattapoisettLibrary.org. Volunteers are always welcome.

Memorial Mass for **Lucille M. Renauld** will be held at St. Francis Xavier Church located at 133 Main Street in Acushnet, MA 02743 on Saturday, July 7th at 4PM

Susan L. Smith, 91, of Mattapoisett Mass passed away on May 31, 2012 after a long illness.

She was a well respected and accomplished tennis player and was a member of the Mattapoisett Casino until late in her life. She also loved sailing and photography. She grew up on Beacon Hill in Boston Mass, and summered in Mattapoisett until she moved here to Mattapoisett permanently after she married her late husband George Watson Hall Smith Jr. of Narragansett RI on Dec 7th 1940. She was schooled at Beaver Country Day school in Chestnut Hill Boston. She was a Girl Scout leader for many years and in later years she worked for Allen C. Haskell and developed into a great gardener. She loved all things natural, great and small. She was well loved by all who knew her for her sense of humor, kind nature and her great stories! She will be missed.

She was pre-deceased by her brothers, Thomas Plummer and Johnny Plummer. She is survived by her sister Alice Davis and all 5 of her children, George W. H. Smith III (Robin) , Lawri Wason, Kitty Smith, Ollie Smith, Martha Smith and her eleven grandchildren, and seven great grandchildren.

Services will be held privately. Donations may be made in her memory to the William E. Mee Youth Sailing Program of Mattapoisett

Mary Margaret (Sullivan) Chadwick of Mattapoisett died peacefully on June 29, 2012 after a period of declining health with her family by her side.

She was married to the late Howard C. Chadwick, Jr. with whom she shared 50 years of marriage.

Mary was the daughter of the late Dennis and Margaret (Coady) Sullivan.

She was born and educated in Fall River and was a graduate of B.M.C. Durfee High School and F.G. Allen Secretarial School.

Mary worked as a medical secretary and later as a registered X-ray technician at Union Hospital in Fall River. She was a communicant at St. Anthony's Church in Mattapoisett and was a member of the parish Women's Guild.

She enjoyed life at the beach, boating, swimming and all of the summer-time joys of living on the waterfront. Mary was an accomplished cook, always willing to prepare stuffed quahogs, chowder or casseroles when presented with a bounty from Buzzards Bay.

After raising her family, she was involved with the Women's Propeller Club and enjoyed traveling with her husband to foreign ports including Ireland, England and the Caribbean.

She leaves to cherish her memory two daughters, Mary Elizabeth Beal and her husband Peter of Newtown, CT and Anne Chadwick Asci and her husband William Asci of Mattapoisett and a son, Howard C. Chadwick III of Mattapoisett; six grandchildren, Peter, Samuel and Michael Asci, all of Mattapoisett and John, Caroline and Christopher Beal, all of Newtown, CT; a brother, Edward J. McGinn of Westport; and numerous nieces and nephews.

She was the sister of the late John D. Sullivan and Anne M. Donald.

Mary was a loving wife, mother, grandmother and friend whose many kindnesses to others set a matchless example for her family to follow. Our sadness and sorrow over her loss will be replaced by precious memories of her life.

Funeral from the Saunders-Dwyer Mattapoisett Home For Funerals, 50 County Rd. (Rt. 6) Mattapoisett was held onTuesday, July 3rd at 9 AM. Funeral Mass at St. Anthony's Church at 10 AM. Burial followed in St. Anthony's Cemetery. Visiting hours were Monday, July 2nd from 4-8 PM. For full obituary, directions and guestbook, please visit www.saundersdwyer.com.

Betty May (Campbell) Ruggles, 84, of Mattapoisett passed away at her home, as comfortable as possible and surrounded by her loving family. Betty is survived by her husband of 55 years, John Edgerton Ruggles.

Mrs. Ruggles was born in New Bedford, daughter of the late Clarence Malcolm Campbell and Mary Parker Crowley Campbell, and resided in Mattapoisett most of her life. She was a member of The First Unitarian Church in New Bedford, where she was also a member of the Woman's Alliance and the Book Reading Club. Betty was an avid reader and a regular weekly visitor to all the local libraries.

In addition to her husband, she is survived by a son: John Wilde Ruggles, II of Mattapoisett and his four children, John Clinton Ruggles of West Bridgewater, MA, Justin Taylor Ruggles, Jared Edgerton Ruggles, Joshua Parker Ruggles, all of Brockton, MA, two daughters: Virginia Beatrice Corcoran of Englewood, FL and Betty May Govoni, Jr., of Middleboro; a sister, Eleanor Begley of New Bedford; two half-brothers: Malcolm Campbell of Mattapoisett and Stewart Campbell of FL; and several nieces and nephews.

At Betty's request a Memorial Service will be held at Seamen's Bethel, at a date sometime in the future.

Muriel F. (Barlow) Westgate Emerson, age 96, of Adams House, 1168 Highland Ave., formerly of "Bay View", in Fall River died June 29, 2012. She was the wife of the late Atty. Ray C. Westgate, mother of the late David F. Westgate and sister of the late Norman M. Barlow. She is survived by her daughter Elizabeth A. "Liz" Waring, her daughter-in-law Sarah S. The Life of a Cape League Host Family

Katy Fitzpatrick
katy@wanderer.com

Every morning during the summer, Mattapoisett residents Ken and Cindy Dawicki wake up early and prepare breakfast for the entire family while their children are fast asleep in their beds. Only there's a catch. The kids asleep aren't really kids; they are some of the best collegiate baseball players in the country. They are of no relation to the Dawicki family and they come and go every summer. Still, that doesn't stop Ken and Cindy for treating them like they are their own children.

"If you treat them like family, they will be family," said Cindy.

For the past six years, Cindy and Ken have opened their home to house baseball players from the Wareham Gatemen. The Gatemen are one of ten teams that comprise the prestigious Cape Cod Baseball League, and the Dawicki's are one of hundreds of families in the Tri-Town and on Cape Cod that volunteer their time, energy and food to take care of players.

"It's a great way to give back to the community. We love it," said Cindy. "It's been great diversification and meeting up with these kids from different places and watching them grow and develop into their career."

Cindy and Ken are no strangers to opening their home to strangers, either. Prior to becoming involved with the Cape League, they would welcome AFS exchange students to come and stay with them. Knowing what it's like to send your children out into the unknown, the decision to host players and students was an easy one for the couple.

"My oldest son was in the Coast Guard and when he was away during holidays, people would take him in," said Ken. "We almost took in another AFS student, but then we saw an ad in a local newspaper for Cape League host families."

This year, Cindy and Ken are housing two players out of Indiana University- Dustin DeMuth and Kyle Schwarber.

"It's a great accommodation for us," said Schwarber. "If you put us on our own, we wouldn't get the hospitality we get with our host families. At first it's hard to get used to living with new people, but as it progresses you start to get used to them like they're your own family."

Schwarber says that Cindy has breakfast ready for him and Dustin every morning and the family will invite them places on off days to have a little fun. But it's the other family-like characteristics the Dawicki's have that really make them feel comfortable.

"It's good because you have people you can go and talk to," said Schwarber. "You're not alone and you're not by yourself. It's kind of like having another mom and dad to go and talk to about your problems. It's awesome."

The Cape League puts a lot of wear and tear on its players. Playing nearly 70 games over the course of two and a half months, it's not unusual for players to become overworked and overstressed. When that happens, Cindy and Ken are willing to lend an ear to them and to give them the same advice they would give to children of their own.

"We always tell them, 'pick yourself up, it's okay tomorrow is another game,'" said Cindy.

"If they're doing good, we're proud of them. If they mess up, we call them a noodle-head," joked Ken.

The contributions of Cape League host families do not go unnoticed by the players no matter how long it has been since their stint on Cape. Last week, Cindy and Ken caught up with Josh Phegley, a former Cape Leaguer who currently plays in the Chicago White Sox's farm system for the Charlotte Knights. Phegley was the first player Cindy and Ken hosted.

"After six years, he remembered the dog's name and our granddaughter's name," said Ken. "He told us how much he loved it here."

"It just warms the heart," said Cindy. "I knew him when he started here. He's done well for himself. It's a great feeling."

Movie Review

On the Road Again

By Rob Gonsalves
www.robsmovievault.com

***Ted.* Starring Mark Wahlberg and Mila Kunis. Directed by Seth MacFarlane. Running time: 106 minutes. MPAA rating: R.**

Ted is a filthy-mouthed and fairly amusing farce about a little boy who wishes his talking teddy bear were really alive. Thanks to the magic of movies, the bear comes alive, and after a few minutes (thanks to the magic of movie editing) we pick up the boy, John (Mark Wahlberg), at age 35, still hanging out with Ted (voice of Seth MacFarlane). Over the years, Ted has matured, or immatured, into a fuzzy libertine who smokes copious amounts of weed and chases after various buxom, brainless women. John and Ted are inseparable, but John also has a girlfriend of four years, Lori (Mila Kunis), who's beginning to get a little sick of Ted. She feels, probably rightly, that Ted is holding John back.

MacFarlane, whose Ted sounds a lot like Peter Griffin on his show *Family Guy,* also co-wrote and directed *Ted,* so expect a lot of pop-culture references and random gags. Some of them hit, some don't. Fans of 1980's *Flash Gordon* will appreciate that it's John and Ted's favorite film, and that its star, Sam J. Jones, puts in an extended cameo as a party-dude version of himself. Any movie that worships *Flash Gordon* ("It's so bad," John accurately sums up, "but so *good*") can't be all bad, though *Observe and Report* used the film's "Football Theme" to far better effect. Anyway, other randomness is in store, such as a riff on *Airplane*'s riff on *Saturday Night Fever,* an appearance by Norah Jones (who must be a really good sport), and a character submitting happily to "gay beatings" at the hands of a recent superhero-film star (who must also be a good sport, or a *Family Guy* fan — indeed, he's done a cameo on the show, too).

Political correctness is *not* in store, with a Chinese caricature as the noxious stand-out. Most of the laughs derive from Ted's crude, blinkered viewpoint, which is fine up to the point where the film itself seems to share that viewpoint. Still, I laughed more than a few times; the script, which MacFarlane wrote with *Family Guy* cohorts Alec Sulkin and Wellesley Wild, keeps things moving and keeps the foul language coming. *Ted* is rightly rated R, and I was relieved not to see any little kids in the audience, brought by clueless parents who saw a talking teddy bear in the ads and thought they were in for a *Teddy Ruxpin* reboot. They would have much to explain to their kids, such as why Ted at one point uses hand lotion for purposes best not discussed in a family publication.

There's a creepy subplot involving a weird dad (Giovanni Ribisi) who wants to take Ted home for his bratty son. The movie doesn't really need this thread, and it leads to a car chase that reminded me of Pauline Kael's almost visceral rejection of the car chase in *Splash,* which she otherwise loved. Said it before, say it again: Car chases (and gunfights) belong in action movies, not comedies, where they just stop the comic momentum dead. Ribisi is effective enough as a kind of anti-John, a case of arrested development that led to madness instead of John's amiable loafing. But the plot thread still leads the third act into a sour place and an unconvincing change of heart from Lori. (Mila Kunis does hold her own in an otherwise blithely sexist movie, creating something relatable out of what could've been the Katherine-Heigl-in-*Knocked Up* killjoy who pulls the man-child away from childish things — and childish friends.)

Ted is painless, and not as smarmy as it seems, though I would have liked to see more of Joel McHale as Lori's goatish boss, Matt Walsh as John's Tom Skerritt-obsessed boss, and Bill Smitrovich as Ted's amusingly lax boss — you have enough material with these three for *Horrible Bosses 2*. One impressive feat is that we never question Ted's reality; Wahlberg plays off him naturally, and the special effects used to create him are seamless. Ted is just taken as a given, briefly a media superstar, trading quips with Johnny Carson, until, as Patrick Stewart's narration puts it far less politely, nobody cares any more and Ted is more or less treated by everyone as nothing all that special. This is how fantasy should be done more often: not much awe or terror, just "Oh, okay, that's sort of cool" until a shinier media fixation comes along. *Ted* gets that much right, at least: Ted would be hot stuff for a season, then dwindle to a curiosity, then be forgotten. Sam J. Jones might know the feeling.

SALOME'S STARS

ARIES (March 21 to April 19) Be prepared to face some challenges stirred up by an envious colleague. Your best defense is the Arian's innate honesty. Stick with the truth, and you'll come out ahead.

TAURUS (April 20 to May 20) Your sensitivity to the needs of others is admirable. But be careful to avoid those who would take unfair advantage of your good nature, especially where money is involved.

GEMINI (May 21 to June 20) Having an optimistic attitude is fine, as far as it goes. But don't be lulled into a false sense of confidence. There are still problems to deal with before you can totally relax.

CANCER (June 21 to July 22) You might feel somewhat "crabby," as you fuss over plans that don't seem to work out. Maybe you're trying too hard. Ease up and let things happen without forcing them.

LEO (July 23 to August 22) Heed that keen Leonine instinct. It's trying to tell you to delay making a decision until you're sure there are no hidden problems that could cause trouble later on.

VIRGO (August 23 to September 22) This is a good time to reach out to those who might be nursing hurt feelings over recent events. Best advice: Ignore any pettiness that could delay the healing process.

LIBRA (September 23 to October 22) Your understanding helps a colleague get through a difficult period. Although you didn't do it for a reward, be assured that your actions will be repaid down the line.

SCORPIO (October 23 to November 21) You score some high marks in the workplace, which will count in your favor when you face the possibility of changing direction on your current career path.

SAGITTARIUS (November 22 to December 21) Your goal lies straight ahead. Stay focused on it and avoid distractions that could throw off your aim and cause potentially detrimental delays.

CAPRICORN (December 22 to January 19) Keep that burst of exuberance in check and resist pushing through your new project before it's ready. In your personal life, a family member again needs help.

AQUARIUS (January 20 to February 18) Paying attention to your work is important this week. But so are your relationships with those special people in your life. Make time for them as well.

PISCES (February 19 to March 20) Good news. Someone is about to repay a long-standing debt. But be warned. That same someone could try to charm you into lending it back unless you say no and mean it.

BORN THIS WEEK: You are sensitive to matters that involve your home and family. You would make a fine family-court judge or social worker.

Marion Natural History Museum Programs

Our program Life Along the Shore is for Grades entering 1 – 2. This program will find us seining the shore and exploring the plants and animals that live in our area's many coastal habitats. With the use of games, journals and introductory science techniques, this will be a wonderful first look at life in our coastal environment.

Our second program is Coastal Explorations for Grades entering 3 – 4. This program will feature explorations of our rocky intertidal shoreline, salt marshes, estuaries as well as freshwater riverbanks, swamps, ponds and bogs. We will look at the birds, amphibians, fish and invertebrates that make these areas so special.

Our third program is Coastal Explorations for Grades entering 5 – 7. We will be continuing our exploration of coastal and freshwater habitats. We will be investigating Sippican Land Trust lands, kayaking and learning a little more about the very special habitat Marion lands provide.

Dates for programs are from **July 9-20** and again **August 6-17**. Cost for each program remains the same: $200 for members and $250 non-members. All programs run from 9:00 am-12:00 pm, Monday – Friday. This is a wonderful opportunity to expose your children to the natural world around them.

Buzzards Bay Coalition/YMCA Camp

Spring is here and summer is coming soon! This summer the Buzzards Bay Coalition and YMCA SouthCoast are proud to offer the new River Exploration Camp. This weeklong day camp will be full of hands-on activities for kids explore the Mattapoisett River from its headwaters to Buzzards Bay.

River Exploration Camp is just one of the ways the Bay Coalition and YMCA SouthCoast are partnering to help kids explore the Bay and watershed this summer. As part of a grant from the Environmental Protection Agency, the Bay Coalition will provide Bay stewardship programs for traditional day camps at Camp Massasoit in Mattapoisett and at Camp Frederick Douglass in New Bedford. Campers of all ages will engage in hands-on, exploratory activities designed to connect them to their Bay. This partnership allows the Bay Coalition to further its mission of helping people to discover Buzzards Bay while providing new opportunities for the YMCA's summer camp programming.

up for one of two weeks of River Exploration Camp. (**July 9-13 for ages 9-11 or August 13-17 for ages 12-14**). Campers will spend the week in an in-depth study of the Mattapoisett River. Starting from a home base at Camp Massasoit at the mouth of the river, campers will travel upriver to YMCA property on Snipatuit Pond in Rochester, where the river begins. Campers will learn what it takes to be a river biologist while hiking, seining, water sampling, and creating a Mattapoisett River Field Guide.

YMCA SouthCoast has been a leading provider of quality day camp programs for more than 50 years. Camp Massasoit and Camp Frederick Douglass collectively serve hundreds of local children, ranging from ages 5 to 14. This summer, the Buzzards Bay Coalition will put a Bay-focused spin on camp activities. Children at Camp Frederick Douglass will engage in water testing, searching for plankton, and exploring easily overlooked habitats in downtown New Bedford. At Camp Massasoit, campers will muck around in the salt marsh, seine in the estuary, and explore the intertidal zone. All activities are designed to tap into campers' natural curiosity and desire to explore. They will form a bond with the natural environment that hopefully will last a lifetime.

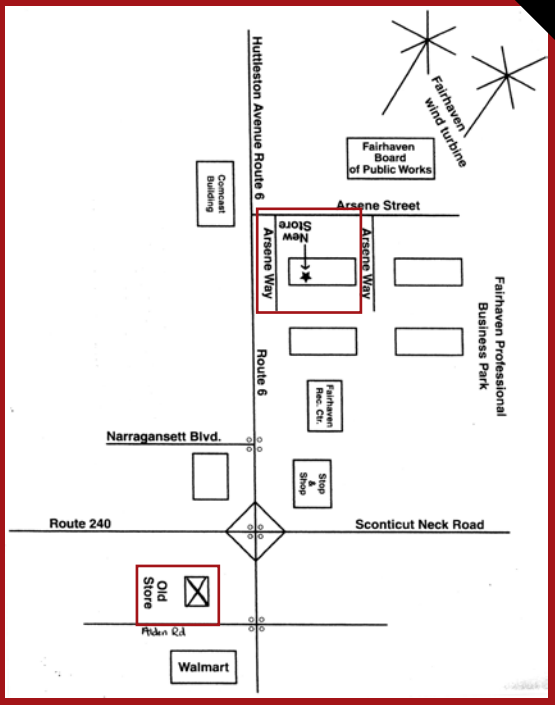

The Bay Coalition encourages all of its supporters to consider YMCA summer camps for their children to form lasting relationships with peers and the local environment. Registration forms can be found at www.

PET PICK

Ms. Kitty. a Tortie with tortitude, began her life of ease when rescued from a give-away basket in Onset ten years ago. She survived a difficult month of tube feeding through her neck a while back, when she walked through cement dust, fastidiously licked her paws clean and burned her esophagus. She is quite good at fetching a paper ball, depositing it in a shoe then exerting much effort to get it back out. (She also does several yoga poses.) Needless to say she is much loved by owner, Mary Anne Lucas of Marion...who, along with other members of her family and friends with their own cats, have declared Ms. Kitty, the Matriarch of their feline members.

Each week we will showcase pets from the TriTown and the stories behind them. Send in your pet pictures and stories so we can share them with all our readers. By Email: support@wanderer.com • By Mail: P.O. Box 102, Mattapoisett, MA 02739 • Or stop by in person: 55 County Road (Route 6), Mattapoisett

FISH Volunteers

FISH is an acronym for Friends in Service Helping. We are strictly a volunteer service. We provide rides for our elderly residents who cannot drive anymore to medical appointments. We service our Mattapoisett residents with help getting to medical appointments from home to Wareham, Marion, Fairhaven, New Bedford and Dartmouth.

FISH has serviced Mattapoisett for over 30 years and would like to continue to serve. We are in need of more volunteers. We need callers and drivers. If you have a little time you could spare during the month, please consider volunteering with FISH. You are never locked into any date, the time if your choice.

To become a volunteer or to receive more information, call Jacquie McGraw at 508-758-9278 or contact the Mattapoisett Council on Aging.

Boys and Girls Club Car Donations

With winter now passed, the snow gone and spring in the air, it's time to get that unwanted car out of the driveway that was buried all winter. The Boys and Girls Clubs will gladly accept car donations.

The Boys and Girls Clubs are proud of the safe and enriching environment they offer to kids. The donated cars are auctioned off and the funds generated help support their many programs. Donate your car and help support your local club. To donate, or for more information, call 800-246-0493.

I Found the Aardvark!

Each week, hidden somewhere in the pages of *The Wanderer* is a tiny drawing of an aardvark. The little guy you are looking for looks exactly like the one pictured above (but don't put down this page as your answer, there's another one hidden somewhere in this issue).

Once you find the aardvark you can submit your answer online and if you are right you will get Aardvark Points! You can then use these points to get cool Aardvark Prizes! Each time you find the Aardvark you will also be entered in our monthly drawing for other cool Aardvark Prizes. If you would like to enter the monthly drawing by mail, send your name, address and phone number along with the issue date and page number you found him in to: Wanderer - I Found the Aardvark, P.O. Box 102, Mattapoisett, MA 02739. Entries by mail will not be eligible for Aardvark Points.

To enter visit: www.wanderer.com and Click on *I Found the Aardvark*
